

WELLNESS SEMINARS AND WORKSHOPS

Our seminars and workshops provide a variety of techniques to help you care for your mental and physical health. These programs are perfect for employees, community organizations, schools, and more. Each program has been developed, and is presented, by a mental health clinician.

SEMINARS are great for small and large groups. They are more informative than interactive.

WORKSHOPS are great for small to medium-sized groups. They are informative, interactive, and discussion-based.

Any topics below can be delivered in either a seminar or workshop format. To schedule a program, or to discuss a personalized program to meet the needs of your team, please contact wellness@mha-em.org.
